

## main

createBox

```
-color: string  
-x: number  
-y: number  
-size: string
```

```
div: HTMLDivElement = document.createElement("div")
```

```
document.body.appendChild(div)
```

```
div.classList.add(_size)  
div.style.backgroundColor = _color  
div.style.left = -x  
div.style.top = -y
```
